

DECK COLORS AND PROCEDURES

NEW DECKS:

1. Pressure treated material should be allowed to dry per manufacturer's recommendations. All other types of woods should be lightly sanded in order to remove any potential mill glaze.
2. Apply one coat of oil based clear decking stain. As always, follow manufacture's instructions.

EXISTING DECKS:

1. Scrape and/or sand any peeling or blistering paint.
2. Wash with a solution of 3 parts water to 1 part bleach to remove any potential mold.
3. Allow to dry and apply one coat solid latex deck stain.

PRODUCTS:

1. California Products Corp. – Storm Stain clear deck finish and water proofing sealer #20040.
2. Cabot Stain Inc. – Clear decking stain #1400 series.
3. Performance Coatings – Penofin Cedar/Marine. Marine oil finish exterior.

Locations of where to purchase the above listed products:

1. Walls of Décor, 515 Lowell Street, Peabody, MA
2. Waters and Brown, 281 Derby Street, Salem, MA
3. Norman's Paint & Wallpaper, Vinnin Square
4. Winer Bros. Paint, 85 Lafayette Street, Salem, MA
5. Moynihan Lumber, Beverly, MA
6. Town Paint and Supply, 317 Cabot Street, Salem, MA

If you install new pressure treated stairs to an existing deck that is already painted:

Apply clear stain from the companies above.

If you will be staining your existing deck, the following is a list of colors that were applied by address:

<u>Cabot Desert Sand</u>	<u>Cabot Red Cedar</u>	<u>Olympic Beechwood</u>
Halsey	Nimitz	Fillmore
Spruance	Marion	Hart
Russell	Fletcher	Griswold
Arnold	Dewey	Stillwell
	Pickman	

If your street is listed under Cabot Desert Sand or Cabot Red Cedar, please stay with the Cabot product. If your street is listed under Olympic Beechwood, a discontinued color, retailers suggest matching the color with a California Paint Color.
