RE: **SATELLITE DISHES**

The Board of Trustees wishes to remind you that if you plan to install a satellite dish you must first put your request in writing to the Board care of American Properties Team, Inc.

There are some basic restrictions regarding installation of these dishes including:

1. Size of the dish – not more than 12 inches in diameter
2. The **only place where it can be installed is on the deck** (not on the building, roof, chimney, etc.)
3. It cannot be permanently affixed – the unit owner is responsible to remove the dish from the deck for repairs, painting, etc.

When submitting your written request, please be as specific as possible as to the exact location you propose for locating the dish.

Thank you.
